

Position: PRN Staff Nurse

Center location: Maple Village or Bellevue Testing Centers

Hours: varied, prn

Hourly Rate: Based upon experience and qualifications

Position Purpose: Essential Pregnancy Services is a pregnancy helps organization dedicated to assisting women and families with unplanned pregnancies by helping them build a healthy future through support, education, health services, material assistance and referrals. The greatest needs of a teen or a woman facing an unplanned pregnancy is the medical care needed to answer her immediate questions on pregnancy, as well as the opportunity to be listened to in an environment that is safe and confidential.

The dedicated nursing staff at EPS, along with physicians, sonographers, advocates, and professional counselors work to ensure that women facing an unexpected pregnancy receive the best medical, nursing, psychosocial and spiritual care possible. We strive to educate women about their pregnancies and help to create options for them.

In 2024 Essential Pregnancy Services will be expanding medical services in order to offer more comprehensive medical care to the clients we serve to ensure a holistic approach, (mind, body, and spirit), to the support we give.
